PROFILE

Full-Stack Web Developer skilled in Laravel, React, and modern web technologies. Passionate about crafting high-performance, scalable, and user-friendly applications. Strong problem-solving abilities with experience in REST APIs, security, and optimization.

EDUCATION

Suresh Gyan Vihar University

Rajasthan, India

Bachelor of Computer Application

2021 – 2024

- Among the top 5% of the batch
- Relevant coursework in Web Development, Software Engineering

SKILLS

Frontend : HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React.js,

Backend : PHP, Laravel, Node.js, REST APIs

Database : MySQL, MongoDB

Tools: Git, GitHub, CI/CD Pipelines

EXPERIENCE–

One Step Marketing

Rajasthan, India

Junior Web Developer

8-4-2024 – Present

- Developed and optimized responsive web applications, improving load speed by 25% using caching and database indexing. **responsive web applications** using **HTML, CSS, JavaScript, PHP, and Laravel**.
- Worked on **RESTful APIs** to enable seamless data communication between front-end and back-end.
- Collaborated with senior developers in **code reviews, debugging, and feature enhancements**.

PROJECTS

Leraning Management System (LMS)

2-2-2025 – running

- Developed a **scalable and responsive** LMS using **HTML, Bootstrap, JavaScript, PHP, and Laravel 11**.
- Implemented **role-based authentication and middleware** for enhanced security.
- Optimized database operations with **MySQL**, leveraging **Eloquent ORM and query optimization** for improved performance and scalability.

ACHIEVEMENTS

- **Built a Scalable LMS** – Developed a full-stack Learning Management System (LMS) using Laravel 11, improving course management efficiency by 20%.
- **Optimized Website Performance** – Reduced website load time by 20% through database indexing, caching strategies (Redis), and query optimization.
- **Enhanced Security with Role-Based Authentication** – Designed and implemented secure authentication with RBAC (Role-Based Access Control) to restrict unauthorized access.
- **Open Source Contributions** – Contributed to GitHub repositories, collaborating with developers worldwide on bug fixes, feature enhancements, and documentation improvements.
